EXPECT LOSS OF \$28,000,000 ON NATIONAL LINES

Ottawa, July 7.—It is expected that there will be a loss of \$28,000,000 on the Canadian Government railways of about \$10,000,000 according to an estimate presented to the commons. A loss of about \$18,000,000 is also expected in connection with the operation of the Great Trunk Pacific, which will have to be met, so that the total loss on operation will be \$28,000,000.

The earnings of the Canadian Northern system were estimated at \$10,000,000 and working expenses \$10,000,000 while the gross revenue from the old government railways was placed at \$17,000,000 and the working expenses at \$14,000,000.

Mr. De Haven in presenting the figures said that there would be an increase on account of extra cost for labor so that the loss on the operation as a whole would increase the margin and make the total \$28,000,000.

INDUSTRIAL CONGRESS BE HELD IN CALGARY

Western Canada is to have a great industrial congress—dates August 11th to 16th—to which manufacturers and industrial leaders of the continent as well as those of the United Kingdom are being invited.

The purposes of the congress is educational to a large extent along industrial lines, though one of the avowed intentions is to promote and increase the friendly relationships between the United States and Canada, and to create a greater unity as between Eastern and Western Canada.

Subjects up for discussion are: Western Markets, Western Industry, Pacific Trade and Transportation Routes, Oriental Commerce, the future of the continent, as between east and west in so far as manufacturing is concerned, and the great question of building up the Pacific region into the adjacent standard territory.

The congress is assuming international importance, and thousands of American manufacturers as well as those of the eastern part of Canada, as well as England, will be on hand. The discussions are to be made by men foremost in industry and science as applied to industry on this continent.

Among those who will speak are Sir Robert Borden, Prime Minister of Canada; Henry Ford, Harold McCormick, head of the International Harvester company; E. W. Beatty, president of the Canadian Pacific Railway; Robert Duffar, head of the Dollar Steamship lines and many others.

All interested in industrial development in the west or in western markets are invited to attend. The movement is accompanied by a propaganda to the effect that better goods can be made in the western markets in bulk should build branches in the west.

The congress dates are August 11th and 12th at Calgary, though a trip through the territory and including other western Canadian cities will commence at Medicine Hat, August 11th and conclude at Edmonton the capital city, where the premier and government will entertain the guests. A wide trip will be made to Canadian Rocky Mountain resorts.

Congress headquarters have been opened at the Palliser Hotel, Calgary, where a staff is employed to give further information.

RAIN GENERAL IN REGINA DISTRICT

Regina, July 7.—Rain was general throughout the Regina district early Monday morning and the Regina plains received their fourth thorough soaking in ten days. Rain was also general around Moose Jaw.

Caplain T. O. Fosters of Health, arrived at Halifax on July 6th and left immediately for the west. He will likely arrive this week.

CLEAR LAKE NEWS BY CUB.

Donny Girard, Mr. Gerow, Dwight Elder, Harold Brunner and Edgar Turner were busy putting their tent for the holidays this week.

Mrs. Fraser caught a five and a half pound fish this week. It was a whopper.

Mrs. Turner now has her tent up ready for occupancy.

The Frasers are now settled in their camp, the "Redoubt".

The campers are talking about putting up a damming floor to furnish amusement and make the time enjoyable.

Buster Browne has been visiting the Club at the lake for the past week. Buster caught a nice fish all right.

The Editor of this column is short one more month now.

A party of fishermen got about 30 fish in their outfit in about two days. Please, readers.

LIVESTOCK MEN, NOTICE

A meeting of the Wainwright Branch of the Dominion Live Stock Protective Association will be held in the Council Chambers at 7:30 p.m. on Saturday, July 14th. All interested are requested to attend as those who wish to have their brands published in the new brand book, must hand in name at this meeting.

EXAMINATIONS IN PRIMARY SCHOOL CLASS

Pupils Grade 11—
Jack Stuchland, Ernest Dupre, Bert J. Davies, Kirk Snyder, Carol Fris, Stratal Akorid, Edith Barton, Ruth McLeod, Lulu Prosser, Vera Little, Vera Kome, Noreen Gordon, Wm. Ross, Jack Bonhall, John Landreville.

GRADE 12—
Vivian Walton, Orford Smith, Clara Hayes, Hazel Chapin, Fred Cooper, Gertrude Lacroix, Annie White, Vera Ross, Jack Bonhall, John Landreville, Allen Lingard, Russel Worthington, Gladys Worthington, Allen Lingard, Charlie Cooper.

GRADE 13—
Thos. Stuart, Peter Wintley, Geo. Sloag, Albert Aitman, Harry Tansey, Russel Leach, James Bourdieu, Ethel French, George Gordon, Harry Barton.

GRADE 14—
Stella Laroc, Catherine Brown, Gladys Gordon, George Barton, Russel, Gladys, Dick Cooper.

GRADE 15—
Albert Dalgren, James McCann, Leonard Lingard, Edward Renville, Cecil Worthington.

C. P. R. OFFERS CUP FOR HARD SPRING WHEAT

In connection with the International Soil Products Exposition, which will be held at Kansas City, Mo., September 24th to October 8th, the department of Colonization of the Canadian Pacific Railway is offering a silver cup, the value of \$500 for the best half bush of hard spring wheat exhibited. It is hoped that every farmer in Alberta will submit a half bush of wheat in this competition. Those competing for this cup will automatically become competitors for the prizes offered by the International Farming Congress in this class which include a first, second and third prize. In addition they have a chance of winning the sweepstakes for the winner of the sample of hard wheat is usually the best exhibit of wheat shown at the exposition and this wins the sweepstakes prize, and the exhibits from western Canada generally carry all before them in this class. Last year the C. P. R. cup, the sweepstakes for wheat and the first prize for hard spring wheat were won by Seager Wheeler, of Rosthern, Saskatchewan, a good second. No cup was offered by the C. P. R. in 1917 but the sweepstakes for wheat and first prize for hard spring wheat were won by Samuel Larcombe of Birtle, Manitoba.

In addition to the above, other valuable prizes will be offered for every variety of field crop. Of late years farmers from Western Canada have carried away a large share of these prizes, and no doubt their exhibits will be conspicuous again this year. An official premium list of the exposition should be ready in a few days, and a copy can no doubt be obtained by writing to the secretary of the International Farm Congress at Kansas City, Mo.

AT THE TRAPS

There was not a very large crowd at the trap shoot last Friday, but what was lacking in numbers was made up in quality, so to speak. Wainwright topped off the highest score so far this year with 23 and P. Dewar rose to the occasion and killed 21 birds heading the first squad.

Bert Laird 3 4 1 8 5-16
E. E. Chandler 4 3 2 2-14
P. Dewar 4 4 4 6 4-21
Wainwright 4 4 4 6 4-21

The second squad only had three entries and made better scores:

Laird 2 3 1 4-14
Chandler 4 5 3 8-19
Wainwright 5 5 5 15-23

The wind was fresh and the birds were hard to hit, the scores showing some good shooting under the circumstances.

MAIL NOW RECEIVED FOR GERMANY WILL BE SENT

Wainwright, July 8.—Mail destined for Germany and Austria was presented on a despatch at the general postoffice today. This is the first batch of mail since the secretary of the International Farm Congress at Kansas City, Mo.

FINDS MARGIN BETWEEN COST OF PRODUCTION AND WHAT THE CONSUMER MUST PAY IS NARROW

Ottawa, July 4.—In the comment on Saturday James Douglas of Stratford, on behalf of George B. Nicholson, chairman, presented the final report of the special committee of the commons appointed to inquire into the cost of foodstuffs, clothing, fuel, etc., through out Canada.

The committee finds that no material reduction in the cost of commodities in regard to which inquiry was made can be expected, except by increasing the consumption at a lower cost of production or by the lowering of the cost of distribution. The committee does not presume to say that there are no cases of undue inflation in prices of commodities, but in the main it is the opinion that having in mind the services which the consuming public demands the margin between the actual cost of production and what the consumer pays for commodities is narrow.

Dealing with the products of the farm the report states that the production cost of such products as beef, pork, the hogs, lamb, dairy products, etc., is from 100 to 115 per cent greater than it was five years ago. The committee considered the possibility of effecting some relief either by fixing prices or by placing an embargo on the export of foodstuffs. After careful consideration the committee arrived at the conclusion that to do either of these things would result in most disastrous effects because "any effort on the part of the government or parliament at price fixing here or attempting reductions in sale prices which the farmers are receiving would only intensify the present difficult situation for the reason that it would tend to drive the source of supply by directing the production of those now engaged in this industry into other channels. On the other hand were the government to place an embargo upon exports of any class of foodstuffs it would not only have the same effect but the policy would be based on economic lines."

The committee states that it regrets the present price of wheat as a notable factor in the cost of living. It does not attempt to say whether the price fixed by the government during the past two years was fair and just but expresses the view that while the present level of prices continues not only will the price of bread and all cereal

Clear lake is becoming quite a populated place and the campers are arriving every week.

Girard, Brunner, D. Elder and J. L. Gerow have established a camp; Mr. R. Aykrold is contemplating building a cottage; and camps will be opened by W. E. Wainwright, A. E. Mills, and R. A. Snyder. Mr. W. L. Simpson and family will also open a camp.

Mrs. Jas. Ward is visiting at the summer cottage of Mr. and Mrs. Fraser.

DIPLOMACY

They were sitting down on the parlor sofa.

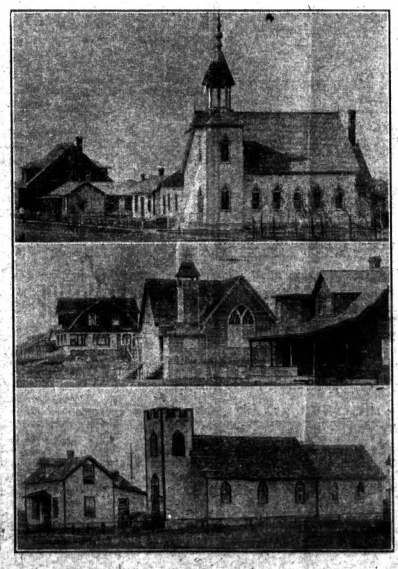

"What would you do if I turned you down?" the asked-quey.

The young man looked straight ahead but said not a word.

After a few minutes of silence he nudged him with his elbow and said: "Didn't you hear my question?"

He looked around very surprised. "I beg your pardon," he replied. "I thought you were addressing the girl."

WAINWRIGHT CHURCHES

CORRECTION

In Fraser and company's advt. an error occurred in the price of brown cane shoes. Medium size, advertised as \$1.75 per pair, and should read \$2.15 per pair, and they are a good bargain at that. You had better see them.

BILL TO AMEND ELECTION ACT IS NOW DISPOSED OF

Ottawa, July 5.—Parliament will proceed, on Monday afternoon.

A great deal of business was disposed of during the last day of the session, but the most important matter under consideration was the bill to amend the Election Act by making provision for the holding of by-elections, a number of which will be held in the autumn.

Mr. Fisher, in moving the second reading of the bill made the statement that the War Times Election Act will come to be operative after August 1st. For the purposes of the by-elections the bill passed by parliament on Saturday makes provision for the holding of the names of new lists to the lists and for the making of new lists in Ontario and Manitoba, where the existing lists are old. Tribunals will be established for the making of lists after the revision established. In rural districts the lists will be prepared by enumerators.

SWIFT SHIPS SIXTY CARS OF BEED TO ITALY

Sixty cars of frozen steers have been shipped from the Swift Canadian plant in Edmonton during the past week consigned to the Italian government.

These are to be taken over by the "Regione" which will carry about 100,000 tons to Italy. Another ship with about half the capacity will take the rest of the Canadian consignment. This shipment from Swift's completes their first contract with the Italian government and great care has been taken that their small consignment to the boat in Montreal in first class condition.

In addition to special care in packing in the refrigerator cars, a specially experienced refrigerator man is sent along with each shipment. The responsibility of the packers ends with their delivery to the boats.

H. P. Chase of the British ministry of food, was in the west last week and this, inspecting the beef. He was loaned to the Italian government for purpose.

SHIP LOAD OF JOY FLUID GOES TO SCOTLAND

Wainwright.—When the steamer Lake Norden of the Emergency fleet Corporation of Detroit, Mich., weighed anchor at Wainwright Wednesday morning, upward bound for Glasgow, she had on board 1,100 tons of whiskey from the distillery of Hiram Walker and Sons according to Captain Loughlin. This is not one of several shipments to be made to Scotland, the temperance laws of Canada forcing the company to find markets overseas. The value of the shipment is estimated at over 1,000,000.

BIG TRAP SHOOTERS MEET AT EDMONTON THIS WEEK

Twelve Vancouver clay bird snappers are in Edmonton to attend the Western Canada Trapshooting tournament to be staged in the Alberta capital Friday and Saturday of this week. With the party of Vancouver shooters will go two Bellingham experts, W. P. Anderson and W. Frank. Others will be C. Lawson, J. R. Reid, A. L. Field, F. J. Cameron, Jimmy McIntyre, J. V. Pettison "Dutch Harbor" Fred Carder and J. A. Black.

A. E. Mills of town will also take part in the tournament.

JESS WILLIARD LOSES HEAVYWEIGHT TITLE

Last week at Toledo Ohio, Jess Williard lost his heavyweight title to a comparatively new contender. It was an easy prey to the amateur sportman throughout the contest. In the early fall the opening of the shooting season found him numerous on ducking grounds and the less wary habits got to a disadvantage in relation to other harder species. Unless care is taken, the loveliest and most beautiful of all our American ducks kill go the way of the Passenger Pigeon and the Eskimo Curlew.

BASEBALL TEAM WINS

The Wainwright baseball team had a lucky day at Chauvin on the Fourth when they came away with the bacon, winning the tournament in which all teams were entered. They played off with the crack Provost team and won by one score to the good, brought in by O. J. Elder on a hit from Holland.

CELEBRATE PEACE JULY 19th

Ottawa, July 8.—Saturday July 19th has been officially fixed as a public holiday for the celebration of peace. The date coincides with peace day throughout the empire.

VANISHED AND VANISHING CANADIAN BIRDS

By P. A. Taverner, Ornithologist
and the Geological Society.

Viewed from the standpoint of animals and birds with whom man comes in contact the tale of civilization is a ghastly one. Breeding grounds and habitats have been razed, forest land for habitation, natural food supplies destroyed, and the gunner is at every vantage point against the survivors. It is regrettable but a fact that of the wild life that once inhabited our country, and which was the wonder of the early travellers who exclaimed of the "great plenty of diverse fowl and game" but a small part of our patrimony remains. Some species it is true have increased under the settlement of the land, birds and vermin of the open fields and groves have found new habitat areas with the clearing and have thriven with their increased numbers. The great class of wild life commonly known as "game" as well as most of the larger forms are generally so classed, and which added such a touch of picturesque sentiment to our landscape has been sadly reduced.

On his only to pick up every account of life in Canada, or even plain at lines of sporting papers still current like "Forest and Stream" dated within the memory of still active sportsmen, realize what a change has taken place. Some of this is inevitable. Great herds of bison roaming at will over the prairie or flocks of plover darkening the sky, are hardly compatible with cultivated fields and husbandry. These, however, were abnormal times in most cases the loss to us has been serious and unnecessary.

The story of the plover is particularly striking. Wilson makes a call, setting track that, has been carried through the winter and is now a tresser, a policy no sportsman would avoid by the sportsman, it is a little this will cut out shooting from a few localities where sports offer the best chances for sport. This is unavoidable. It is true in many localities to the south of us as here in Canada and with it, anything less force here than here, for the birds are just that much further from the breeding grounds and that less near breeding. It shows there can be induced to realize themselves, we have certainly not been fulfilling our part of the agreement.

It is to be hoped that all parts of the Dominion will uphold the authorities in their enforcement of the new game acts. If some are too short-sighted or forgetful to do so, let themselves a little for the general good, it is well to remind them that the laws are now based upon treaty and as such form part of an international obligation which we, at least, do not intend to treat as a scrap of paper and will enforce regardless of the consequences to individuals, kindly.

TRAVELER LOST HIS LIFE WHEN AUTO UP TURNED

Hardisty, July 8.—The details of the accident on the Irma trail which resulted in the death of R. J. McQuire are now on hand. The unfortunate was a traveler for Marshall Wells and was driving from Irma to Hardisty and about eight miles out of town while speeding along a level trail lost control of his machine which turned turtle and plumed him beneath the wreck.

A boy named Mota while in search of cattle, came upon the overturned car and found the man beneath it, he then rode to Mr. Riley's place near by and told him of the affair; Mr. Riley drove to town and at once notified Mr. Foran, J.P., and H. W. Cluff who motored out and brought the remains to town, where they were sent to Canmore, his former home, to await investigation.

The case is a particularly sad one as Mr. McQuire was a favorite with all the boys along the road, and his wife at the time of the accident was dangerously ill at her home in Canmore.

BRITISH DRIGIBLE FLIES ACROSS THE ATLANTIC

Minneapolis, N. Y., July 7.—Upon this date a super dirigible R-3, the first lighter than air machine to fly across the Atlantic ocean, was launched from Roosevelt flying field at 5:44 after a voyage of 18 hours and 15 minutes which covered 5,544 miles. When the super dirigible arrived here she had lost only enough petrol to keep her moving along on her journey. Her crew almost sleepless for four and a half days, were weary almost to the point of exhaustion but happy at the successful completion of their epoch-making trip. The return voyage probably will be started Friday.

WAINWRIGHT, ALBERTA, WEDNESDAY, JULY 26, 1918

PLAYBOY NEWS

Mr. Golding transmitted school train
news with Mr. Swenson last Thursday
afternoon, 3rd.

Mrs. Coling was calling on Mrs.
Swenson the 4th.

Mr. Kingston from near Wainwright
was a business caller at E. Swenson's
the 5th.

Arthur Rice was a Sunday visitor at
E. Swenson's the 6th.

The directors plan on putting down
the seats in the school house on the
8th.

A meeting is set for Thursday the
10th at 7:30 p.m. to make arrangements
for a social of some kind for the bene-
fit of the hospital school and a general
good neighborhood getting together.
Everybody come and help make it a
success.

ALBERTA MEN

ON ALL OF THE
COMMITTEES

Vancouver. — The big issue at con-
vention of the Great War Veterans
association which occurred here is going
to be the issue presented by the
Alberta delegation calling for a flat
bonus to every man who fought in
France of two thousand dollars. The
issue is already the chief subject of
discussion among the delegates and it
is expected that strong opposition is
lined up against the bonus.

The big delegation from B. C. will
oppose it on the ground that it will
open such a demand the G. W. V. A.
would have to pledge the veterans of
the country not to make any further
demand of any kind on the govern-
ment. The issue was brought out at
the provincial convention just closed here
and resulted in the victory for this
opinion.

Alberta men find a place on every

IS 2 TO 1 CHANCE
AGAINST ENGLISH
GIRL GETTING WED

The odds are something like 2 to 1
against a woman, however, coy or how-
ever willing, eluding a husband in
England. Of course, English women
are as charming and as much sought
in marriage as always. But the mean-
ingful fact is that they are not as much
sought as they were in the past.

These odds are based on the latest
official figures available. The report of
the Registrar General of England for
1917 just published. Carefully com-
piled, the report states that there are
twelve men of fifteen and forty 9,
14,646 women and only 6,827 girls.
It should be emphasized that these fig-
ures apply to civilian population. The
Registrar General estimated that there
are 1,000,000 British women in the
army.

Eligible maidens will grieve to learn
from the report that bachelors are be-
coming oblivious to "those endearing
young charms" and are marrying wid-
ows some of whom are youthful, how-
ever. The proportion of bachelor to
spinster marriage shows a sharp de-
cline.

"It looks as if the increase in the
marriage of widows is not wholly due
to the war," says the Registrar Gen-
eral, "and as if the increased tendency
to remarriage shown by widows before
the war has now extended to widows.
An appreciable increase in the num-
ber of widows marrying has occurred
since 1915."

One curious fact, the Registrar Gen-

eral says, "is that between the ages of
fifteen and forty-five the ratio of male
to female deaths have risen so greatly
that they are now wholly abnormal, the
mortality of males being more than
double that of females. The death
figures are those of civilians only."

The open season for marriages has
changed. Most marriages used to be
celebrated in July, August and Septem-
ber. The favorite months are now
October, November and December.
About half the divorced people married
again. The youngest bachelor to mar-
ry was 15, and the youngest spinster
was 14. No fewer than 25 males married
at the age of 17, two of the latter mar-
rying widows. Twenty-six spinsters
married at the age of 15, one of them
a widow; 187 women were 16 when
they married, and of 1,201 marrying
at 17 years, 15 married widowers.

The earliest second marriage of
males was at the age of 16. Of 29 men
marrying when they were turned 20
only one, aged 21 had never tasted the
 joys of matrimonial bliss, the rest be-
ing widowers; but out of nine women
marrying beyond that age two were
spinsters.

The oldest man to be married was
a widower of 82 and the two oldest wo-
men were aged 85, one a widow and one
a spinster. A girl of 15 married a
man of 40; one woman of 66 married
a husband aged 24. A man of 70 mar-
ried a girl of 20; others, aged 68 and
66 wed with 17, and 140 couples married
when they were past 70.

Do You Need A Loan?

Many farmers are struggling along on insuffi-
cient capital when they have simple security for
a loan. Have a talk with our local manager,
he may be able to show you how to raise money
that you can use on the farm to make more
money.

GILT EDGE TIT-BITS. The Gilt Edge school and reported very favorably on the pupils. Robt. McEwan spent last week with his brother here, having motored over from Elbow, Saskatchewan, with Alex Edger, who is thinking of coming to sunny Alberta to live. Allen Roberts an old timer of the district is building a new house and born on his homestead having spent the last four years at the front. Quite a number who went to the Gap Roundup came home gazing for water. Mr. and Mrs. J. R. Allison visited with Mr. and Mrs. Geo. Wilson of Greenhills on Sunday. Jack Hardy of Alliston, Ontario, visited the McEwan brothers last week renewing old time friendships. Flood gangs are busy these days fixing up the roads for what? Crops are returning in to wait for next year's big rains. The members of L. O. L. No. 1492 Gilt Edge will hold a meeting on Sunday the 15th. All brethren are requested to be present at eight o'clock and a visiting brethren welcome.

PROHIBITION ORDER
DOES NOT CEASE YET

Ottawa, July 6.—Now that the senate has finally killed the government Prohibition bill there is considerable dispute as to when the order in council prohibition, the importation, and manufacture of liquors lapses. The justice department has, so far not given an official opinion, but the best legal advice of the capital is that the order ceases to have effect at the official termination of the war.

The official termination of the war will come with proclamation from the king. This is not expected till the treaties of Austria, Bulgaria and Turkey has been signed so that the order may have the force of law for several months yet.

McClary's Sunshine

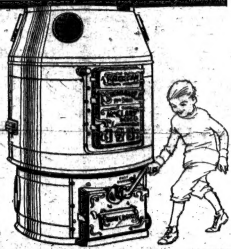

A FURNACE easy to manage; a furnace that is economical of fuel; a furnace that will heat your home comfortably.

This is the proposition we offer in the Sunshine.

McClary's heating experts will plan a heating system for you without charge—a heating system that they guarantee will heat your home comfortably.

If you want to be sure of COMFORT; if you want a durable, honestly built furnace, well installed, put the problem up to us.

Ask about the LITTLE DRAFT MAN that turns on the draft and regulates them automatically.

SAYS PROFITS
TAX INCREASES
COST OF LIVING

Ottawa—Rice Jones, of the United Grain Growers, Limited, of Winnipeg, stated to the cost of living committee of the commons on Friday that in his opinion the business profits tax had increased the cost of living. He said the companies were allowed to charge the assessments made on them last year against the expenses of the following year and so on. Several members of the committee said they had no knowledge of this and expressed surprise.

T. A. Vien, M.P., questioned Mr. Jones as to the effect of the removal of the duty on agricultural implements. The duty on plows was 27.15 per cent, said Mr. Jones and he saw no reason why if the duty was removed they could not reduce the price of the plow by the whole amount of the duty. They bought plows, he said, in the United States and were able to sell them a little cheaper than the Canadian plows sold by some of their competitors. The duty on a 12 inch gang plow in 1914 was \$8.86 but owing to the raise in prices the duty on the same plow was now \$21.11. Winnipeg stated that his company bought as many Canadian products as possible but some of the Canadian firms had distributing agencies of their own and said that they did not care to deal with the United Grain Growers.

The 21 per cent of agricultural implements which his company had charged, could not be reduced, he declared. On the other hand, it would have to be increased a little owing to increased cost of handling. He could not say exactly what the net profit was, but it was very small. At the meeting session A. L. Davis, of Assiniboia, questioned closely by Mr. Jones regarding the salary of Hon. T. A. Crean, the president.

Mr. Jones said that Mr. Crean's salary as president of the company was \$15,000. At the time he entered the government service it was \$10,000. Mr. Crean refused to draw his salary during the time he was accepting government pay.

LOCAL PARAGRAPHS

The regular monthly meeting of the Women's Institute will be held on Saturday, July 15th at 3 p.m. sharp in the council chambers. It is hoped that all members will be present at this meeting.

Miss McAllister left on Tuesday for her home in Edmonton.

Only about nine people from town took in the excursion train on Wednesday morning to the Edmonton Exhibition.

Cecil Ward left for Edmonton Tuesday where he will stay for some time.

Clear Lake is becoming the popular resort this summer. About ten families have already got their camps up and Mr. Fraser has a splendid summer cottage erected.

A Government engineer was down from Edmonton looking over the proposed road leading into Heath and on to Edgerton. The present road is very bad.

The high school examinations closed this week and there is only the burning question "have I passed?" to be answered yet.

Mr. Brodie will mark examination papers in Edmonton during the holiday time.

A big dance was held at W. H. Kent's Tuesday evening when a large party of town folks motored out to take it in.

Edgerton will have a fair this year. The winter line is no sign process of being printed.

The church of England annual picnic will be held on the Second Wednesday in August. Full particulars at a later date.

The Free Press crop summary shows Alberta to be very dry in all districts except around Edmonton and in the Peace River country.

The first Wednesday half holiday was declared this week, the stores closing at 12 o'clock. The half holiday will continue every Wednesday during the months of July and August.

The following returned men for this town arrived in Halifax on Friday on the S. S. Baltic: Pte. R. A. Mosley, Pte. W. A. Yeager, Pte. Gunglago, Pte. S. Matichuck.

St. Andrew's Presbyterian Church Sunday July 15th
Morning at 11: The Kadesh Barnees of Life. Evening at 7:30: The Unprofitable made Profitable. Preacher Rev. J. B. Thompson.

Methodist Notices
Services as usual Grace Church, 11 a.m. and 7:30 p.m. Sunday school and Bible Class at 12:15 (noon) Trafalgar school 2 p.m. Greenhills school at 3:15 p.m.

St. Thomas Church
Sunday July 15th 4th after Trinity: 10:30 a.m. Matins, Holy Communion; 11:30 Sunday school and Sacrament of Baptism, 7:30 evening. Preacher, the Vicar.

St. Patrick's Heath
Sunday July 15th, 4th after Trinity 2:30 evening. Preacher the Vicar.

The dry weather has not only fixed the crop but has also dried up all the news this week, the editor and half the people as well.

L. Sullivan is negotiating to buy a farm in the Gilt Edge district on the Soldiers' Settlement plan, and has sold his business here.

U. F. A. MEETING

There will be a Special Meeting of the Wainwright Local U. F. A. No. 280 at the town hall on July 16th at half past one. The questions under consideration will be: "wages, buying and selling, the shortage of feed and securing of same."

The Board of Education departmental examinations started at the school this week. Mr. Fowler school inspector, created over the Wainwright section in the first two days of the examination and the Vice of St. Thomas took the succeeding days.

Miss McAllister presided over all students from outside points. Quite a number presented themselves for examination.

AND THE TRAIN STOPPED

JUST IN TIME TO SAVE IT

To have the experience to stand by an endeavor to catch a train is a very bad experience. Mr. Fowler school inspector, created over the Wainwright section in the first two days of the examination and the Vice of St. Thomas took the succeeding days.

At the same time a heavily loaded passenger train was backing up slowly down the track. Mr. Fraser got out and hurriedly crashed up the car, but it got away and absolutely refused to start. At the same time the train coming nearer and nearer. He was on the point of standing back and watching the train up when the engine happened to see the plight and the train stopped when only about ten feet from the car. A little coaxing and the car was again started and taken out of the right place. We venture to say that Mr. Fraser never made a bigger profit in a day as he did when that train came to a standstill.

THANKS STUDENTS AND SCHOOL TEACHERS

Dear Sir:—Permit me through your columns to express on behalf of Miss McAllister and myself our appreciation of the address and presentation tendered us by teachers and scholars at the closing exercises of the schools. We wish further to sincerely thank the school board and the citizens for their ungrudging and sympathetic cooperation during our stay in this town.

W. S. BRODIE.
The Elite theatre will contract for a new film service shortly. Giving to the many disappointments they have had in receiving films and going to the expense of advertising failures, and then not being able to secure the pictures, they will change to another service, hoping thereby to insure their patrons a good line of films at all times.

ALL WORK GUARANTEED

Fall Rye

The most profitable of all cereal grains, not only for its grain value but also for its pasture. Every farmer should sow it—farmers that are growing it this year and last are now able to feed their Stock in spite of the dry weather. We can supply you with the very best quality of Fall Rye, you may see it 1½ bushels per acre any time in July or up to the 25th of August and have abundance of pasture until the snow fall, long after the natural grass has dried up, and pasture again as soon as the snow is gone in the spring until the first of May, by taking off the stock you can have a full crop of rye. Telephone or write the Wainwright Flour Mill as they are our agents for Wainwright.

Blatchfords Calf Meal

In unquestionably the greatest feed to give good health to calves, a positive cure for White Diarrhoea and will pay any farmer to feed it, either with skimmed milk if he is selling his cream or to mix with water and feed without milk. The only real substitute for cows' milk.

Peas

FOR DOMESTIC USE—We solicit your trade on cooking peas; the White Field Pea which is absolutely free from vermin and has first class cooking qualities. Kindly call on Wainwright Flour Mill at Wainwright and if they have not got what you want write us at once.
